About Devyser Diagnostics AB (publ)

Devyser is specialized in the development, manufacture, and sales of diagnostic kits. The products are sold to routine diagnostic laboratories in more than 45 countries. The products are used for complex DNA testing within hereditary diseases, oncology, and transplantation. The products are used to guide targeted cancer therapies, to enable a wide array of genetic tests, as well as in post-transplant follow-up. Devyser's product development focuses on simplifying and streamlining complex testing processes to improve throughput, reduce hands-on time and produce accurate and trusted results. Devyser was founded in 2004 and is based in Stockholm, Sweden.

Devyser's shares are listed on Nasdaq First North Growth Market (ticker: DVYSR). The company's certified adviser is Redeye AB, e-mail certifiedadviser@redeye.se and telephone number +46 8 121 576 90. For more information, please visit www.devyser.com.
